Equipping

Believe = resting afresh in the finished work of Christ and trusting that work to have a present day power in our lives.

1. Bob says that the believe step is the least practiced step. We're all heavy footed in certain places and very few people are actually heavy footed in the believe step. The believe step is so easily forgotten because we often turn the Christian life into stuff we're supposed to do. **Do you find this to be true in your own life? How have you seen this in your life?**
2. In John 17:23 Jesus prays that "the world may know that you sent me and loved them even as you loved me." **Is this ever hard for you to believe?**
3. If it's true that God loves you as much as he loved Jesus, and it is, what are the implications for your life?
4. "The Christian life is not a moral philosophy where you believe in Christ to take you to heaven and now you just follow his rules. That's not the Christian life. The Christian life IS a supernatural, transformational relationship with the living God. Whereby a moment by moment basis we are actually able to experience the power of the resurrection so that we become changed." **Have you seen your Christian life be supernatural? How?**

5. “Satan’s bazookas are loaded at you. Satan’s bazookas are not aimed at you the way you think they are. Satan’s bazookas are aimed at charming your attention away from the simplicity of the power of the resurrected Christ. That’s the only thing he cares about. He succeeded with the Galatians. He seeks to get us to move beyond grace and the Spirit seeks to get us to move more deeply into it.” **How are you tempted to move your focus from belief to behavior?**
