

MAY 1 — 7

Evan and Sarah, Pioneers

They are currently on a survey trip to the country they are praying about serving. They return on May 8. Pray that traveling with six young children would go as smoothly as possible, that their kids would enjoy the time there, make friends with the other missionary kids, and come home excited for if and when they move there long-term. Pray for Evan and Sarah to be sensitive to the leading of the Holy Spirit.

Tricia Lambert, Entrust, Colorado Springs

After spending time in the middle east presenting training for women ministry leaders, Tricia is currently in Hungary for Entrust's All Staff Conference. Many of the staff are isolated in their work – pray this will be a time of refreshment and encouragement for them. Pray for the leadership teams of Entrust and Entrust Equipping Women - that they would follow God's plans and purposes for the ministry.

Jonathan and Caroline Clark, RUF, UCCS

Pray that we finish the semester strong, especially as I wrap up teaching the Sermon on the Mount at Large Group. Pray for God's blessings for our first trip to RUF Summer Conference in Florida (May 13-18). Pray for the right mix of "summer RUF" and rest for everyone and for continued spiritual protection and provision.

MAY 8 — 14

Calvin and Geeta Taylor, Mission to the World, Asia

We thank God for a visa for Geeta, so she can visit the USA! Her previous visa expired just before the Covid pandemic, and we have been waiting four years to get an interview to re-apply. Last week she was granted a new visa, so now we can plan an HMA to visit all our supporters. At this point we are planning to be in the States from December 2024 to April 2025. Please pray for God's guidance in our planning.

Bassam and Connie Chedid, Children of Abraham, Colorado Springs

Please pray for a new shipment of Bibles to the Middle East via Europe. We hope this shipment will arrive safely to the port of Lebanon. Pray for logistics, which at times can be very complex. Pray for all who order the Arabic Study Bible this year here in the US. Pray that God's Word will do its work by renewing minds, illuminating the truth, and changing hearts.

Levi and Sarah, North Africa

Thank God with us: Our church celebrated Easter during Ramadan, and almost 60 people attended the service, 6 of the people who attended were non-Christians who came to learn about Christianity. 73 new people heard the Gospel during Ramadan and 4 people trusted Christ. Since many of these conversations happened through the internet, please pray for the face to face follow up meetings.

MAY 15 — 22

Jeff and Sue Rollins, Engineering Ministries International, Colorado Springs

Recently Jeff was able to make a major change to EMI's Canada office computer network. This is an ongoing project for all of our EMI offices so please pray that it will go smoothly. Pray for the May Orientation to EMI. Sue and a few cultural orientation leaders will be striving to help participants to view culture differently.

Del and Dawn Huff, Friendship International, Colorado Springs

Please continue to remember Tabita Muscan in prayer. There is some good news. Pray there will continue to be improvement, bringing strength to her body. Also, her husband Adi had successful double hernia surgery. He needs to be careful as he slowly recovers. They are both concerned about being prepared for summer camp. Help them to know God is in control.

Frank and Cindy Sindler, Equipping Farmers International, Tennessee

Ask God to draw many others to serve along with us in 2024 and beyond, and for our expansion into at least 54 countries and growth to over 1,000 certified trainers in 2024. Pray for fruitful global collaborations with many organizations, church networks, and denominations. Partnerships are crucial for our goal to work alongside the church as an accelerator for the growth of the church.

MAY 23 — 31

Rodney and Jana Davila, Mission to the World, El Salvador

We recently had an RUF group come for Spring Break and interact with students at a local university. It was a fantastic experience! We have several students to follow up on as well as opportunities for other teams to participate in the future. We are so amazed by God opening this door and pray that God would lead us to those who will be interested in learning more about the Gospel and perhaps become leaders.

Jeff and Candy Campbell, Novo, Spain

After a crazy couple of months of travel and ministry, practically around the globe, pray for us as we re-establish some of our normal life rhythms and practices. We are back in Spain, catching up with clients, preparing for intensive programs and our Summer Retreat ministry, as well as attending to our own team. Please pray our renovations at the facility will be completed before the busy summer season.

Andy and Megan Engebretson, Engineering Ministries International, Colorado Springs

Please pray for wisdom in how to address my Parkinson's so people don't feel uncomfortable - or maybe it's more for my sake, that I don't feel uncomfortable. Anyway, ministry trips are fast-paced, and we interact with a lot of new people, so I feel like the tremors need to be addressed quite frequently. Pray for protection for Megan and the kids in my absence, and strength for Megan.
